BOARD REVIEWS COUNTY SPENDING FOR 2009/2010 FISCAL YEAR BUDGET

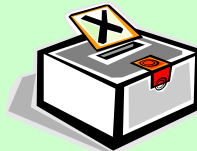

In July, the budget ritual began with Oakland County Executive L. Brooks Patterson providing the Board of Commissioners with a recommended budget for fiscal years 2009-2010. During this process, the Board reviews the \$425.7 million 2009 and the \$420 million 2010 proposed general fund budgets. We looked closely at budget-line items for all county departments' spending through the Board's Finance and Personnel committees.

In August, finance and personnel meetings were held requiring each department to explain their spending and budget reductions. Budget reductions for 2009 totaling \$2.5 million and \$16.5 million for 2010 have been met. Meeting these reductions were critical to balancing the county's budget. By law, the Oakland County Board of Commissioners must adopt a balanced budget by October 1, 2008.

TETHER PILOT PROGRAM UPDATE

Oakland County's six-month pilot electronic monitoring program has proven to be successful with an average of 31 low-risk prisoners being released with tethers per day. These prisoners stayed on tethers an average of 37 days. With this program, the county saved more than 800 jail days, significantly, reducing the jail population. Thirty-four prisoners completed their sentences. Only five prisoners tried to defeat their tethers, all were quickly apprehended and re-incarcerated.
