Provides four distinct residential alternatives with different levels of support services and programs. Condominium homes and independent-living apartments enable older adults to enjoy an independent lifestyle. Assisted-living facility offers studio apartments to adults who do not require 24-hour nursing supervision and care but do need support in their daily living routine. Botsford Continuing Health Center is an award-winning 179 bed nursing facility specializing in 24-hour skilled nursing care. Center offers sub-acute/transitional program, chronic program, dementia program, and respite care.

Geropsychiatric Services

28050 Grand River
Farmington Hills, MI 48336
Phone: (248) 471-8723
Contact: Sandra S. Plumer, Program Director

Provides short-term inpatient psychiatric assessment, diagnosis, and treatment for older adults (55 years and older), supportive assistance to families, and specialized individual and group therapies. Physical problems associated with psychiatric diagnosis are concurrently managed. An adjunct to the unit, the partial hospitalization program, services those with a psychiatric diagnosis and a need for active treatment which is more intensive than an outpatient office visit, but less restrictive than inpatient care. Serves Metropolitan Detroit area and southeastern Michigan (seven-county area).
