

# Oxford Township

A community you can LIVE in!

Nestled in the northern part of Oakland County, Oxford Township offers excellent residential opportunities. It has retained its picturesque rural atmosphere and provides residents with the best of two worlds. People can enjoy living in the country yet still experience the conveniences of a small city with an array of shops and services for everyone. Once known as the "Gravel Capital of the World" the mined area has been transformed into prestigious residential developments and industrial parks. Many of Oxford's manufacturers supply the auto industry and join the proliferation of high tech industry spreading across this part of the county. Oxford's 36 square mile area includes more than fifty lakes, four local parks from one-half to 300 acres and both public and private golf courses offering extensive recreation facilities for boating, golfing, swimming and picnics. Oxford is a community that greets you with open arms.
