Rick,

I received unanimous approval of the request below. Let me know if you need anything else. Thanks

Jim

Subject: Leadership Group Request

Jim,

The Prosecutor's Office has requested 50 additional enhancement hours to complete a new annual report for better business information.

The Medical examiner's office is requesting 60 hours to make some modifications to the OCME system intake screens.

Could you please ask the leadership committee if they would unanimously approve to have an e-vote to allocate these 110 hours from the 232 remaining unallocated hours?

Thank you,

Rick
