Todd,

I'm looking for an e-mail approval to move 140 hours from unallocated enhancement budget to the Reimbursement enhancement budget. This enhancement is required to meet changing reporting requirements from the State.

The processing of this would be greatly appreciated.

Thanks,

Tim

Tim,

Judi has identified a need for a Reimbursement enhancement. Attached is the Enhancement Request for 150 hours that requires your approval. The Reimbursement Enhancement Budget currently has 10 hours left. Before approving these hours, please request from the Finance/Admin Leadership Group to move 140 hour from the Finance/Admin Unallocated Enhancement Budget (currently at 290 hours) to the Reimbursement Enhancement Budget. You can use an email vote for the approval. Our staff cannot work on this task until the hours are approved.

Thank you,

Mary Gaissert
