

Oakland County Department of Information Technology  
**Enhancement Request**

Change Request ID: 101783	Leadership Group: Land Systems
---------------------------	--------------------------------

**Project Information**

Project Name: Equalization Applications EB	Requested By: Marc Groder
--	---------------------------

Description of Change: Create a BSA.Net environment for the Equalization Department. This system will be housed in a production environment, but will be considered an operational system as it will not be transaction-based.

Business Justification: Equalization will be able to import CVT data from Non-participating units that are already on BSA.Net, in order to perform analysis and general business functions.

Deliverables Impacted:

**Change Request Cause / Change Request Impact Assessment**

Comments Will install the application on 6-workstations.

Estimated Hours to Complete Change: 44.00	Change Request Date: 4/23/2010
---	--------------------------------

**Authorization**

I authorize/deny this Enhancement Request based on the above impact assessment and effect to the Enhancement Budget (see attached).
