

OAKLAND COUNTY PROBATE COURT
Notice to Delinquent and Suspended Fiduciaries
Pursuant to MCR 5.203

Delinquent

If you have received a Notice of Deficiency (PC 600), you have failed to comply with some fiduciary duty. You are considered “delinquent.” The checked boxes on the Notice tell you what you have to file or do.

- You have 28 days from the date of the Notice to comply.
- If you do not file or do what you are supposed to within 28 days of the Notice, the court will automatically give you one 28 day extension. It is best to take care of the deficiency as soon as possible.
- If you can not take care of the deficiency within the combined 56 day period, you may need a second 28-day extension. You must request it in writing using OCPC Form 1063 Request for Extension of Time for Compliance.

Suspended

If you still do not file or do what you are supposed to, the court will **suspend** you. If that happens, you will lose your powers as fiduciary until you do everything listed here and you are reinstated by the court.

- You must comply with the Notice of Deficiency requirements.
- You must also file a Petition for Reinstatement (PC 603). It will be set for hearing unless Waiver/Consents (PC 561) from all interested persons are presented prior to the hearing.
- All necessary filing fees must be submitted with the delinquent documents and the Petition for Reinstatement.
