HHW Disposal Alternatives

The NO HAZ program in Oakland County will accept household hazardous waste (HHW) from residents in NO HAZ member communities. HHW products are often toxic, corrosive and flammable - so proper disposal will ensure safety to your family and community.

The following items are accepted at NO HAZ collection events. Additional disposal alternatives that are available year round are also listed below.

Disposal Alternatives

- **Latex Paint**
Solidify (dry out with Waste Paint Hardener, or by filling with kitty litter or sawdust) and put in trash
- **Smoke, Radon & Carbon Monoxide Detectors**
Follow instructions on back of device to return to the supplier
- **Motor Oil/Automotive Batteries**
Contact your local discount auto supplier / oil change shop
Return batteries to point of purchase

Safety Now!

The following items are not accepted at NO HAZ collection events. If you have any of these materials, use the information below to get them out of your home and keep your family safe.

- **Explosives**
Contact your local Sheriff department
- **Unknowns**
Contact Poison Control at 1-800-222-1222

About the NO HAZ Consortium

Many communities in Oakland County have come together to provide residents a safe and environmentally responsible way to dispose of HHW. The Consortium's goal is to provide regular, reliable and easily accessible HHW collection services to its residents. Residents of any NO HAZ Member Community may participate in any of the HHW Collection Events. For more information, call the NO HAZ hotline at (248) 858-5656 or visit the website at www.nohaz.com
