

# THE AUTONOMOUS PATIENT: Entrepreneurs Driving Health Care III<sup>©</sup>

March 20, 2019

Schoolcraft College VisTaTech Center | 18600 Haggerty Rd, Livonia, MI 48152

## Agenda

**7:30-8:00am**

**Registration & Continental Breakfast**

**8:00-8:05am**

**Welcome and Introduction**

**8:05-8:45am**

**Keynote: Precision Medicine**

**Christine Johnson**, PhD, Henry Ford Health System, Specialist in Cancer research  
**Albert Levin**, PhD, Genetic Epidemiologist, Director of Center of Bioinformatics,  
Senior Scientist, Department of Public Health Sciences

The customization of health care will bring individual treatments to patients. How are we going to get there? Genetics and environment impact a person's health and treatment. What is needed to make treatment more effective?

**8:45-9:25am**

**Panel #1: Innovations in Medical Education**

**Robert Folberg**, MD, Dean of the Oakland University William Beaumont School of Medicine  
**Jack Sobel**, MD, Dean of Wayne State University School of Medicine  
**George Schooff**, Butzel Long

With all of the changes currently being made and anticipated in health care delivery, what will doctors need to do to keep up with the innovations? How will doctors be able to innovate? Are doctors learning to innovate? With all of the technology that is, and will be available, will technologies be a substitute for a caring physician?

**9:25-9:35am**

**Networking Break**

**9:35-10:15am**

**Panel #2: Population Health**

**Richard Kennedy**, PhD, Oakland University William Beaumont School of Medicine  
**Ramin Homayouni**, PhD, Oakland University William Beaumont School of Medicine

The desire for better health outcomes and a wider distribution of those outcomes are forcing changes in provider delivery. What technologies and other treatments will lead to health care delivery solutions? If improving access to care is a goal, what is the strategy?

**10:15-10:25am**

**Networking Break**

**10:25-11:05am**

**Panel #3: Connecting the Patient to the Vehicle**

**Pam Bethune**, Lead Auditor and Operations Executive  
**William Orlewicz**, Magnum Manufacturing  
**Mitch Zajac**, Butzel Long  
**Jennifer Dukarski**, Butzel Long

Will your vehicle drive your health care? Plug yourself into your vehicle and check your blood pressure? Insulin? Autonomously be driven to an emergency department – what is reality?

**11:05-11:15am**

**Networking Break**

**11:15-11:55am**

**Panel #4: Bringing Ideas to Market**

**Tom Shehab**, MD, Arboretum Ventures  
**Fred Molnar**, Michigan Economic Development Commission  
**Jared Stasik**, Detroit Venture Partners  
**Neil Patel**, Butzel Long

How do great ideas come to market? Who will finance them? What is the return on investment? How do entrepreneurs know what ideas to work on and invest in?

**12:00-1:00pm**

**Networking Lunch**

**YOU ARE GOING TO WANT TO ATTEND  
THIS CONFERENCE!**

**B BUTZEL LONG**  
ATTORNEYS AND COUNSELORS

**HOUR**  
DETROIT
