Commissioner Middleton successfully secures county funds to improve, repair Clarkston roads

June 17, 2019, Pontiac, Mich. – On Wednesday, June 12, 2019, the Oakland County Board of Commissioners adopted a resolution sponsored by Commissioner Thomas F. Middleton securing \$2,792 for the City of the Village of Clarkston through the county's Local Road Improvement Program (LRIP). These funds will be used to help with road maintenance requirements and other road repairs. The City of the Village of Clarkston plans to use the funds to rehabilitate and resurface local roads.

"It is great to have the opportunity to collaborate with the City of the Village of Clarkston to help with funding local road repairs," said Commissioner Middleton. "This program will assist with the resurfacing of the Waldon turn lane at Holcomb. Safe roadways have a positive impact on both residents and businesses in the community."

"The Village of Clarkston is extremely grateful for the recent allocation of funds through the Local Road Improvement Program," said City Manager, Jonathan Smith. "These funds will augment City funds to rebuild portions of Miller and Waldon roads this year."

Oakland County's LRIP provides limited financial assistance to Oakland County cities and villages for repairs and improvements on roadways under their jurisdiction. The program ensures that the county investment in roads is multiplied by requiring local municipalities to match funding from Oakland County. Launched in 2016, it has driven an estimated \$70 million investment in local roads across the county. The program is an effective means for encouraging investment in local roads, which continue to be underfunded by the State of Michigan. This lack of funding from the state and federal government has resulted in poor road conditions, which negatively impact safety, quality of life and economic development in the region.

"Oakland County is stepping up, partnering with local cities and villages to help fix and maintain our local roads," said Chairman David T. Woodward. "We started this local road funding program to be part of the solution, it's now time the Michigan legislature do their job and fix the damn roads!"

In 2017, the Board of Commissioners' LRIP received national recognition when it was selected for a National Association of Counties (NACo) Achievement Award in the category of Community and Economic Development.

Commissioner Middleton represents the 4th county commission district, which includes the City of the Village of Clarkston, as well as portions of Independence and Waterford townships. He can be reached at 248-620-6551 or via email to middletont@oakgov.com.
