10. On the next page, notice that a temporary case number has been assigned along with the names of the plaintiff and defendant. This is an information holder. A proper case number will be assigned once the case has been accepted by the Clerk's Office. You may find it in your History and/or by notification depending on how you have set those up in your Settings. You will see a Case Initiation Form in the document upload area. This contains the information provided by you and is not a document that will become part of the court file.

Note: it is recommended to save your documents to your PC as a .pdf and no larger than 200 dpi. The page size must be no larger than 8.5 x 11. The maximum file size of each uploaded document is 25 mb. See Oakland County's eFiling Quick Tips for Beginners on how to split larger sized documents.

Note: **each document/pleading must be uploaded separately.** Be sure to save your documents on your PC as separate documents or split them up prior to uploading. You can upload several documents within the same transaction (called a bundle). Each document must have its own case caption, case title and case number. **If you have obtained your documents through Michigan Legal Help, you MUST separate and save each document to your PC prior to uploading.**

11. To attach a document, click in the large rectangular area to upload your document. This will open a window to allow you to browse your PC for your saved document. You may also drag and drop your documents. Each document must be uploaded as a separate document, including your summons.

13. Add additional documents as needed by uploading into the next available upload box.

Note: at case initiation, there is no authority to electronically serve, nor is there anyone attached as a case contact or service recipient on the opposing side yet to serve. Service must be done in the traditional fashion. See Michigan Court Rules for details. **However, by filing a document, you are automatically added as a service recipient.**

14. When you are ready to submit, or continue your progress at a later time, you have three options:

- Save Progress – saves the work you did and allows you to come back later to finish. This transaction will be available in your History tab.
- Cancel – cancels the submission completely. You will have to start over next time.
- Next – allows you to proceed to payment information (if required) or payment exemption prior to Checkout.

15. Once all documents have been uploaded, select Next at the bottom of the page.

16. If a payment is required, you can select your payment type now to checkout/submit your filing. If you do not have a credit card previously on file, you can add it at this time. If you are requesting a fee waiver, select Request Fee Waiver.

 - History – document information for filings submitted by you.

 - Unsubmitted – this holds those submissions that you chose to Save Progress. You can select these previously started filings and complete the filing.
