

Oakland County
Official Proposal List
May 7, 2019 Special Election

Proposal Section
Royal Oak Township
General Operating Millage Renewal

Shall the Charter Township of Royal Oak be authorized to continue the previously authorized levy of 4.5000 mills for a period of 4 years, 2020 through 2023 inclusive to provide general operating capital purchase funds? Approval of the proposal authorizes the levy of approximately \$4.50 per \$1,000.00 of taxable value on all taxable property in the Charter Township of Royal Oak. It is estimated that this proposal would result in authorization to collect approximately \$144,150 in the first year, if approved. A property with taxable value of \$100,000.00 would be taxed \$450.00 annually for the millage.

Proposal 1

A proposed initiative ordinance to amend Article 8 of the Royal Oak Township ordinances to allow marihuana related businesses in Royal Oak township. This proposal would authorize an unlimited number of marihuana related businesses to locate on parcels of property within Royal Oak township that are larger than five acres and that have been continuously unoccupied for at least five years.

Should this proposal be adopted?

Clawson Public Schools
Non-Homestead Operating Millage Renewal Proposal

County of Oakland
State of Michigan

This proposal, if approved by the electors, will allow the Clawson Public Schools to continue to levy the number of operating mills required for the School District to receive revenues at the full per pupil foundation allowance permitted by the State of Michigan.

Shall the limitation on the total amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, situated within the Clawson Public Schools, County of Oakland, State of Michigan, be increased as provided in the Michigan Constitution, in the amount of 22 mills with 18 mills being the maximum allowable levy (\$18.00 on each \$1,000 of taxable valuation), for a period of ten (10) years, 2019 to 2028, inclusive with 17.7386 mills of the above 22 mills being a renewal of authorized millage that would expire in November of 2022 and 0.2614 mills of the above 22 mills being a restoration of millage lost as a result of the reduction required by the Michigan Constitution? This operating millage if approved and levied, would provide estimated revenues to the School District of One Million, Nine Hundred Thousand (\$1,900,000.00) Dollars during the 2019 calendar year, to be used for general operating purposes.

Grand Blanc Community Schools
Sinking Fund Millage Renewal Proposal

This proposal will allow the school district to continue to levy the building and site sinking fund millage that expires with the 2019 tax levy.

Shall the currently authorized millage rate of .9915 mill (\$.9915 on each \$1,000 of taxable valuation) which may be assessed against all property in Grand Blanc Community Schools, Genesee and Oakland Counties, Michigan, be renewed for a period of 6 years, 2020 to 2025, inclusive, to continue to provide for a sinking fund for the purchase of real estate for sites for, and the construction or repair of school buildings and all other purposes authorized by law; the estimate of the revenue the school district will collect if the millage is approved and levied in 2020 is approximately \$1,641,900 (this is a renewal of millage that will expire with the 2019 tax levy)?

School District of the City of Oak Park

Non-Homestead Operating Millage Renewal Proposal

**County of Oakland
State of Michigan**

This authorization will renew the authority of School District of the City of Oak Park to levy 17.8508 mills previously authorized and levied for general operating purposes on non-homestead taxable property (comprised primarily of industrial, commercial, and rental property). This authority, combined with another unexpired authorization, would allow the School District to receive revenues at the full foundation allowance permitted by the State.

As a renewal of authority which expired with the 2018 tax levy, shall the limitation on the amount of taxes which may be imposed on taxable non-homestead property in the School District of the City of Oak Park, County of Oakland, State of Michigan, be increased by 17.8508 mill (\$17.8508 on each \$1,000 of taxable value) for twenty (20) years, the years 2019 to 2038, inclusive, to provide funds for operating expenses? This millage would raise an estimated \$3,832,031 for the School District in the first year that it is levied.

Walled Lake Consolidated School District

School Improvement Bond Proposition

**County of Oakland
State of Michigan**

Shall the Walled Lake Consolidated School District, County of Oakland, State of Michigan, borrow the sum of not to exceed Three Hundred Sixteen Million Dollars (\$316,000,000) and issue its general obligation unlimited tax bonds, in one or more series, for the purpose of paying for the cost of the following projects:

- Erecting, completing, equipping and furnishing a replacement elementary school, a new early childhood center facility, an addition to the Western High School building, athletic team rooms and additions to existing school buildings and other facilities;
- Remodeling, equipping, re-equipping, furnishing, re-furnishing school buildings, athletic fields, playgrounds and other facilities to create a modern learning environment for students and for other purposes;
- Acquiring and installing instructional technology infrastructure and equipment in school buildings and other facilities; and
- Preparing, developing and improving sites at school buildings and other facilities and the purchase of school buses?

The maximum number of years any series of bonds may be outstanding, exclusive of refunding, is not more than thirty (30) years; the estimated millage that will be levied to pay the proposed bonds in the first year is 0.58 mills (which is equal to \$0.58 per \$1,000 of taxable value); and the estimated simple average annual millage that will be required to retire each series of bonds is 2.54 mills annually (\$2.54 per \$1,000 of taxable value). The annual debt millage required to retire all bonds of the School District currently outstanding and proposed pursuant to this ballot is expected to be at or below 4.13 mills which is a 0.40 mill decrease from the annual debt millage levied in 2018.

If approved by the voters, the bonds will be guaranteed by the State under the School Bond Qualification and Loan Program (the "Program"). The School District currently has \$100,055,000 of qualified bonds outstanding and \$0 of qualified loans outstanding under the Program. The School District does not expect to borrow from the Program to pay debt service on these bonds. The estimated computed millage rate required to be levied to pay the proposed bonds may change in the future based on changes in certain circumstances.

(Pursuant to State law, expenditure of bond proceeds must be audited, and the proceeds cannot be used for teacher, administrator or employee salaries, repair or maintenance costs or other operating expenses.)
