Administrative Order 2014-04

LANGUAGE ACCESS PLAN

In accordance with Supreme Court Administrative Order 2013-8, the court establishes this Language Access Plan (LAP) to provide for the language access needs of court users.

This LAP is the plan for the court to ensure meaningful access to court services for persons with limited English proficiency (LEP). A limited English proficient person is a person who does not speak English as his or her primary language, and who has a limited ability to read, write, speak, or understand English, and by reason of his or her limitations, is not able to understand and meaningfully participate in the court process.

The purpose of the plan is to provide a framework for the provision of timely and effective language assistance to LEP persons who come in contact with the court.

The court has appointed a language access coordinator to be a contact person for the public, court staff, and SCAO concerning this plan and its implementation. The language access coordinator may be contacted through the court administrator's office.

IT IS ORDERED:

Section I. Needs Assessment

C. Identification of LEP Persons

Court staff use the following methods to identify LEP persons:

1. LEP request for interpreter
2. Friend or family of LEP request for interpreter when feasible.
3. "I Speak" cards

Section II. Language Assistance Resources

A. Interpreters Used In the Courtroom

The court will offer assistance to LEP persons in the courtroom by providing foreign language interpreters as required by Michigan Court Rule 1.111.

B. Language Services Outside the Courtroom

The court will take reasonable steps within its budgetary limits to ensure that LEP persons have meaningful access to services outside the courtroom. This is one of the most challenging situations facing court staff, because in most situations they will encounter LEP persons without an interpreter present. LEP persons may come in contact with court personnel via:

- Security desk
- Court Clerks at counter
- Telephone
- Probation appointments

Court staff will consult with the court's language access coordinator to determine what type of language service should be made available, based on the nature and importance of the court service to be provided and resources available. The following language services are currently available:

- “I Speak” cards
- Interpreter when feasible
- Telephone Interpreter Service
- Friend or family of LEP request for interpreter when feasible

C. Service Referrals

The court will make reasonable efforts to ensure that a non-federally funded entity to which the court refers LEP persons for services has provisions for addressing their needs. The court will consider viable alternatives if language access is not provided by such a non-federally funded entity.

D. Forms & Documents

The State Court Administrative Office (SCAO) makes select translated forms available to the courts at <http://courts.michigan.gov/Administration/SCAO/Forms/Pages/default.aspx>.

- 1) Additional translated forms available to court users include:

When in-person interpreters are hired for court proceedings, they are expected to provide sight interpretation of documents for LEP persons.

- 2) Courthouse translation for LEP
 - o On-site interpreters stay with defendants until all business is finished

E. Other Provisions

In an effort to provide LEP persons language access to court information, the court also provides the following:

Section III. Training

The court will make every reasonable effort within its budgetary limits to train its judges and court staff, and coordinate with clerks to provide LEP persons with meaningful access to court services. The training sessions will include a LEP policy and procedure component.

The court will work with SCAO and MJI to ensure that all employees are trained on LEP policy and procedure to assist judges and staff to: identify and respond to LEP persons, increase awareness of the types of language services available, guide when and how to access those services, and effectively use language services.

The court provides to judges and court staff and offers to county clerks the following training regarding language access:

- Department meetings to train staff on proper use of “I Speak” cards
- Diversity Training is required by the funding unit for all new hires

Section IV. Public Notification and Evaluation of Language Access Plan

A. Language Access Plan Approval and Notification

The court's LAP has been approved by the State Court Administrative Office. The court will post its LAP on its public website (if available) or public notification area within the courthouse and will make copies of the LAP available upon request.

The court consulted with Providence Hospital in creating its LAP.

B. Evaluation and Review of the LAP

At the direction of SCAO, or on its own initiative, the court will assess whether the LAP needs updating. The LAP will remain in effect unless modified or updated. Review of the following areas may indicate a need to update the LAP:

- Number of LEP persons requesting court interpreters or language assistance
- Funding provided or available for languages services
- Current language needs to determine if additional services or translated materials should be provided
- Feedback from LEP communities within the county
- Court staff (turnover, new hires, etc.)
- Feedback from trainings provided by the court or SCAO/MJI
- Viability of identified language services and resources
- Problem areas and corrective action strategies
- Updated census data

The language access coordinator for this court ensures this plan is followed, advises the court on potential updates to this plan, and coordinates the language access needs for the court as they arise. The court has identified the name and contact information of the language access coordinator and advised the State Court Administrative Office. The court will notify the SCAO regional office of any changes to the language access coordinator's contact information, or if a new language access coordinator is named.
