Michigan's communicable disease rules are promulgated under the authority conferred on the Department of Health and Human Services by section 5111 of Act No. 368 of the Public Acts of 1978, as amended, being 333.5111 of the Michigan Compiled Laws. Violations of these laws will be reported to the state of Michigan and may constitute a misdemeanor under MCL 333.2261. For additional reporting requirements regarding HIV and AIDS please refer to MCL 333.5101 et seq. Health care professionals are advised to consult with their local health departments or legal counsel if they have questions about their responsibilities regarding these rules.

The Michigan Department of Health and Human Services maintains, reviews and revises the list of reportable conditions located on pages 6 and 11 at least annually. Please refer to the Michigan Communicable Disease Information website at www.michigan.gov/cdinfo or contact the Communicable Disease Division at the number below for the most recent list.

The Privacy Rule in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) allows for the disclosure of protected health information, without individual client or patient authorization, to public health authorities, who are legally authorized to receive such reports for the purpose of preventing or controlling disease. 45 C.F.R. § 164.512(b)
