[Information About Internet Security](#)

1.

Enter your Social Security number, date of birth, ZIP code and the unique security code you'll see in the appropriate boxes. Click **Next**.

2.

Create a **User ID** (make sure it includes the appropriate characters as shown on-screen). Click **Next**.

3. 

Registration

Create a new password

You now need to create a password. When creating your password make sure you choose a password that is not easily guessed by others. A few suggestions:

Make it lengthy. Each character that you add to your password increases the protection that it provides many times over. Your password must be 8 or more characters in length, 14 characters or longer is ideal.

Combine letters and numbers - the greater variety of characters that you have in your password, the harder it is to guess.

Remember your password:

- must contain both letters and numbers
- must be between 8 and 20 characters in length
- is case sensitive
- cannot contain your Social Security number
- cannot contain 6 consecutive characters of your User ID
- cannot contain more than 3 consecutive characters such as "9111111"
- cannot contain spaces

Enter new Password: Password Strength Meter: 7

Re-enter new Password:

[Cancel](#) [Next >](#)

Create a **Password** (make sure it follows the rules on-screen). Click **Next**.

Choose your challenge questions

Please set up your challenge questions. These will be used to help you if you forget your User ID or Password. These questions will be asked randomly. Please choose five questions to answer.

Your questions:	Your Answers:
1. <input type="text" value="Please Select"/>	<input type="text"/>
2. <input type="text" value="Please Select"/>	<input type="text"/>
3. <input type="text" value="Please Select"/>	<input type="text"/>
4. <input type="text" value="Please Select"/>	<input type="text"/>
5. <input type="text" value="Please Select"/>	<input type="text"/>

Your Computer:

You can streamline your log in experience by allowing us to "remember" this computer if you will be using this computer when you access your retirement account information in the future. Should we "remember" this computer?

Yes, remember this computer for subsequent visits.

No, do not remember this computer. Recommended for public/shared computers.

[Cancel](#) [Next >](#)

Choose a series of security questions and **type** in your answers. This is an extra measure to verify your identity and **protect your account**.

5.

Consent to Electronic Delivery

I understand that by leaving the box checked below and clicking the Submit button, I am providing my informed consent to electronic delivery by Prudential of information relating to my accounts in either a defined benefit pension plan, defined contribution plan (for example, 401(k), 457 or 403(b) plan), non-qualified plan or a Smart Solutions IRA administered by Prudential Retirement. I understand that unless I separately elect otherwise, the consent will apply to (a) documents containing customer information such as periodic account statements, transaction confirmations and tax forms (b) broadly distributed documents such as investment fact sheets, prospectuses, summary plan descriptions, plan-related notices and

I want to enroll in e-delivery and I acknowledge I have read and agreed to the electronic delivery consent above.

Please add "Confirm-emailaddress@prudential.com" to your address book so it will not be flagged as spam or junk mail.

[Cancel](#) [Submit](#)

Enter your home and work email addresses and delivery preference, and **check the box** to enroll in e-delivery of account statements and documents. Click **Submit**.
