

Explanation of CLEMIS Tiers / Fees / Costs 2022, 2023 & 2024

I. INTRODUCTION

Oakland County contributes \$1.4 million dollars per fiscal year to the CLEMIS Fund. In addition, Oakland County provides substantial funding for CLEMIS support and operations. At this time, other counties do not supplement the CLEMIS Fund on behalf of CLEMIS Members in their counties.

To determine the amount of the CLEMIS Fee, different “Tier Levels” or categories have been created depending on one or more of the following factors:

- (1) what type of entity will be using CLEMIS (police / fire / court, etc)
- (2) whether a Member is located inside or outside Oakland County
- (3) the date the Member was approved for membership
- (4) what CLEMIS Applications a Member will use

The CLEMIS Fee for a Police/Public Safety or Law Enforcement Tier Level is further determined based on one of the following factors, as applicable:

- (1) the number of full-time equivalent sworn officers (FTE)
- (2) the number of beds in a jail
- (3) an annual Flat Fee

These factors are adjusted every October 1st. The number of FTEs and/or beds used to calculate the CLEMIS Fee is fixed for an entire fiscal year, regardless of layoffs, retirements, or separations of employment throughout the fiscal year. The FTE number is obtained from the most current MCOLES Justice Training Fund / Law Enforcement Distribution Statistics Report. If the CLEMIS Member is not listed in the Report, the CLEMIS Division will contact the CLEMIS Member for the FTE number. The CLEMIS Division will contact the CLEMIS Member for the number of beds, if applicable.

The FRMS Participation Fee for a Fire Department Tier using the CLEMIS Fire Records Management System (FRMS) is further determined based on:

- (1) number of fire stations
- (2) number of licenses

The CLEMIS Fee is invoiced on a quarterly basis. For fiscal reasons, Oakland County does not bill beyond its fiscal year. Oakland County’s Fiscal Year is October 1 to September 30.

Revised 06/02/2022

The CLEMIS Fee and costs are reviewed annually by the CLEMIS Division and the CLEMIS Advisory Committee.
