Subject: EVote

Courts Leadership Group:

On behalf of Rebecca, I am sending a request for an evote.

Community Corrections is requesting an eVote approval for OCIT to size the New Michigan Pretrial Risk Assessment project. Based on a re-validation of the risk tool, there is a recommendation to re-classify risk levels and framework. New guidelines have been established that more accurately place defendants within low, moderate and high risk levels. These changes are in line with high performing Pretrial Services Agencies. A funding source is being identified for this project.

The Scope & Approach can be viewed at the website below.

Three questions require the group's vote:

Q1: YES or NO

Does the Courts Leadership Group authorize an electronic vote on this request?

Q2: YES or NO

Do you approve a Request to Size for IT to size the New Michigan Pretrial Risk Assessment project?

Q3: YES or NO

Do you approve the project sizing to be presented and prioritized in a future eVote?
