Good morning. We have a unanimous yes vote to approve the C*Star project. Thank you all for responding so quickly.

Have a great week.

Good morning. The Community Corrections C*Star Enhancement project sizing is complete. The document is attached.

At our July 22 meeting we approved the use of an e-vote for voting on approval of this project. As you will recall, this is a funded project with a time deadline.

Please indicate your yes or no vote to move this project into production by return email. We cannot consider voting complete until we have a response from each represented area, so if a primary representative is out of the office I would ask that their alternate please chime in.

Please let me know if you have any questions.

Rebecca,

I would like to request an evote to approve the project sizing for the C*Star enhancements. The IT Courts Leadership group has already approved the use of an evote for this purpose, so I think the evote can be just for the sizing.

Thanks
