Subject: RE: Request for eVote for additional hours for Check Writing Software

I received unanimous support for this request from the leadership group. Please proceed with the request, thank you.

Jim VerPloeg

Subject: Request for eVote for additional hours for Check Writing Software

Hi Jim,

The Check Writing Software has required more hours than initially estimated and approved. IT and the Treasurer's Office continue to work hand in hand to bring this critical software to live production.

I am writing to request an eVote to transfer 100 hours from the Finance Leadership Group unallocated hours to the Check Writing Software project. We will use the Treasurer's EB hours to fund the rest of the hours necessary to wrap up this project and bring it into live production.

Is there any other information needed to send this request to the group? Mary/Purvi – did I miss anything? Anything to add?

Thanks! Happy Holidays!

Jody Weissler DeFoe
